BIOMEDICAL SOLUTIONS

FORMULAS WITH A HIGH CONCENTRATION
OF ACTIVE INGREDIENTS PRESENTED IN STERILE AMPOULES
FOR TRANSDERMAL APPLICATION

Cocktails of preselected active ingredients in extraordinary synergistic combinations due to their high levels of dermal response. They act intensely "in teams", focusing on specific facial and body alterations of the skin tissue, improving visible skin results.

Versatile solutions that allow beauty professionals to expand, complete and capitalise their usual salon beauty routines with the application of effective and safe treatments through the use of the most advanced technical equipment.

STEP BY STEP

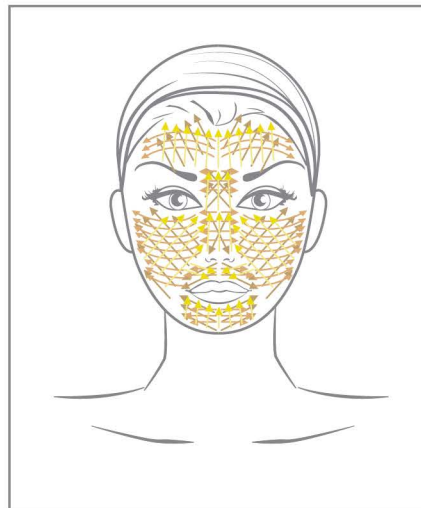

FACE

BIOMEDICAL SOLUTIONS with [DP] DERMAPEN and [MS] MESOLAB

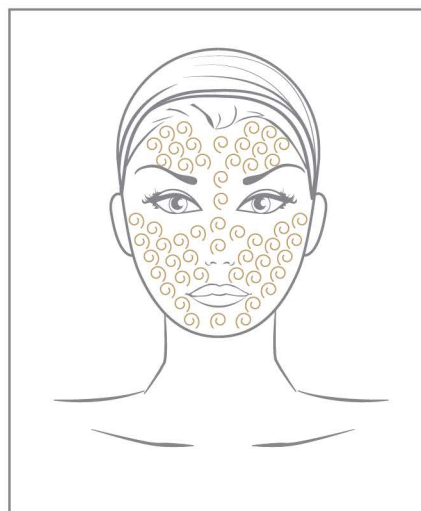

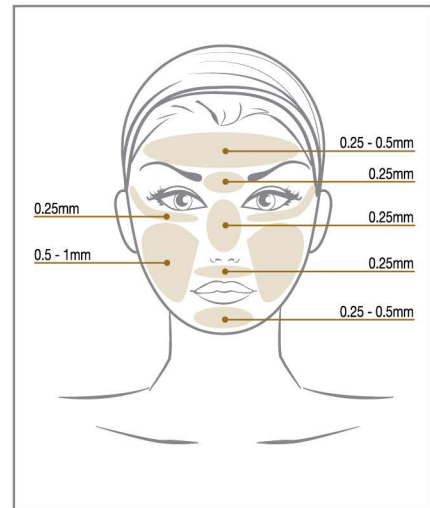

what is it for	Treatment designed to treat and improve the functional and structural problems of the skin with the most modern equipment (Micropuncture, Mesotherapy, Electroporation, etc.).
who is it for	Treatment intended for users who want effective treatments with lasting results.
necessary products	<p>GLACIAR TWO PHASES GLACIAR CLEANNING MILK or BECLARITY CLARIFYING CLEANSER GLACIAR SOFT LOTION</p> <p>BIOMEDICAL SOLUTIONS CELL TURNOVER PEEL PADS</p> <p>BIOMEDICAL SOLUTIONS REFILLER SOLUTION BIOMEDICAL SOLUTIONS CLARIFIER SOLUTION BIOMEDICAL SOLUTIONS TIGHTENER SOLUTION BIOMEDICAL SOLUTIONS V-REDUCER SOLUTION BIOMEDICAL SOLUTIONS FIGHTER SOLUTION BIOMEDICAL SOLUTIONS HYALURONIC ACID 2%</p> <p>BIOMEDICAL SOLUTIONS RECOVERY BIOCELLULOSE MASK</p> <p>SUMMESUN SPF50+ SENSITIVE SKIN</p>
duration	The complete treatment lasts for 60 minutes.
PREPARATION	<p>CLEANSING</p> <p>Moisten a cotton pad with GLACIAR TWO PHASES and cleanse the area around the eyes and lips. Apply GLACIAR CLEANNING MILK or BECLARITY CLARIFYING CLEANSER on face, neck and décolleté, completely removing make-up. Wipe the product off with the help of a towel dampened with warm water. Tone the skin with GLACIAR SOFT LOTION.</p> <p>PEELING</p> <p>Chemical: Rub a BIOMEDICAL SOLUTIONS CELL TURNOVER PEEL PAD all over the face and neck. Let the product dry naturally. Dermabrasion: Rub the nano-head on face and neck, using circular movements (see graphic).</p> <p>Disinfect face and neck with a solution of Chlorhexidine and/or Hydrogen Peroxide using a sterile gauze.</p>
TREATMENT	<p>MANUAL APPLICATION PHASE</p> <ul style="list-style-type: none"> • Carry out a diagnostic of the client's skin and choose the BIOMEDICAL SOLUTIONS mesococktail for the specific treatment. • Apply 5ml of the selected mesococktail on the area to be treated and work it in with the hands until it has been completely absorbed. <p>MICROPUNCTION PHASE</p> <ul style="list-style-type: none"> • Make a diagnosis of the customer's skin and choose the BIOMEDICAL SOLUTIONS vial for the specific treatment. • Apply 2.5ml of the selected vial to the area to be treated. • With the hand holding the [DP] DERMAPEN, perform the movements shown in the graphs, exerting a constant but gentle pressure and applying the mixture of active ingredients on the area you are working on. <p>ELECTROPORATION PHASE</p> <ul style="list-style-type: none"> • Connect [MS] MESOLAB and adjust the necessary settings. • Apply the remaining 2.5ml of the selected vial to the area to be treated.
PROTECTION	Apply BIOMEDICAL SOLUTIONS RECOVERY BIOCELLULOSE MASK and leave on for 10-15 minutes. Remove the biocellulose mask and spread the remaining product without rinsing. Apply sunscreen SUMMESUN SPF50+ SENSITIVE SKIN.
POST-TREATMENT	Recommend the use of daily care cosmetics in order to lengthen and maintain the effects of professional treatment.

BIOMEDICAL SOLUTIONS _ANTI-CELLULITE TREATMENT

BIOMEDICAL SOLUTIONS _ANTI-CELLULITE TREATMENT

ALTERNATE SESSION B LIPOLYTIC TREATMENT

PREPARATION

OXYGENATION

Apply GLOBAL SVELT MASSAGE OIL on the area to be treated and perform the summecosmetics BIOMEDICAL SOLUTIONS CUPPING MASSAGE technique for five minutes per area.

Connect [RF] LAB SYSTEM and select "Preheat" mode, applying it for 5 minutes on each area you are working on, followed by "Treatment" mode for 10 minutes on the same areas, following the usual procedure.

PEELING

Then carry out a chemical-mechanical peel on the area by using the BIOMEDICAL SOLUTIONS CELL TURNOVER BODY PEEL PADS.

TREATMENT

MANUAL APPLICATION PHASE

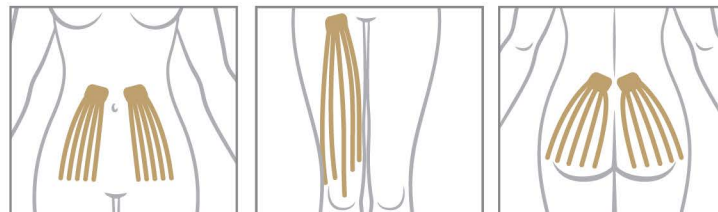

- Apply one vial of BIOMEDICAL SOLUTIONS LIPOREDUCER SOLUTION on the area to be treated and work it in with the hands until it has been completely absorbed.

ELECTROPORATION PHASE

- Connect [MS] MESOLAB and select the settings required.
- Apply and spread one vial of BIOMEDICAL SOLUTIONS LIPOREDUCER SOLUTION across the treated area until it has been completely absorbed.

PROTECTION AND OCCLUSION

Next, as indicated in the diagram, apply the BIOMEDICAL SOLUTIONS TAPING TECHNIQUE on the treated area and leave on until the following session.
