

ESSENCIAL CARE CONCEPT

DEEP FACIAL CLEANSING TREATMENT FORMULATED WITH PREBIOTIC ACTIVE INGREDIENTS WHICH RESPECT THE BALANCE OF THE SKIN'S BACTERIAL FLORA (THE MICROBIOTA)

In order to provide a professional, expert response to the three essential steps of any protocol:

REMOVER: remove skin toxicity attached to the skin's surface.

RENEWAL: renew the stratum corneum, stimulating its oxygenation and cell regeneration.

REPAIR: restore optimal conditions to rebalance the microbiota, reprogramming self-protection functions and reviving cell rejuvenation processes.

ESSENTIAL FACIAL CLEANSING PROTOCOL
PROTOCOL WITH [MS] MESOLAB

ESSENCIAL CARE CONCEPT HOMECARE ROUTINE

- 1_ **ECC_REMOVER MISCELAR EYES AND FACE**
Shake before using. Moisten cotton wool and remove make-up from eyes, face, neck and décolletage. Perfect at night.
- 2_ **ECC_REMOVER MILK**
Apply the required amount of the product and work into the face, neck and décolletage. Rinse with water and dry. Perfect in the morning and at night.
- 3_ **ECC_REMOVER GEL**
Apply the required amount of the product and work into the face, neck and décolletage with moist hands. Rinse with water. Perfect in the morning.
- 4_ **ECC_REMOVER 3D-TEXTURE CLEANSER**
Apply the required amount of the product and work into the face, neck and décolletage until it turns into oil. Moisten your hands and work until a light lotion is obtained. Rinse with water. Perfect at night.
- 5_ **ECC_REMOVER MIST**
Spray and gently tap the face, neck and décolletage to seal the product. Allow to dry naturally. Perfect in the morning and at night.
- 6_ **ECC_RENEWALL PEEL PADS**
Rub the pad on its textured side over the face, neck and décolletage with firm, constant, circular movements. Allow to absorb naturally, do not remove. Perfect at night. Frequency of application under professional guidelines.

ESSENCIAL CARE CONCEPT PROFESSIONAL TREATMENT _FACIAL CLEANSING

what does it treat?

Ideal treatment for carrying out a detailed, meticulous, in-depth facial cleansing routine. Powerful ally for preparing the skin before any kind of specific treatment programme.

ESSENCIAL CARE CONCEPT PROFESSIONAL TREATMENT _ FACIAL CLEANSING

PRE-TREATMENT

DOUBLE CLEANSING PHASE

- 1 Shake ECC_REMOVER MISCELAR EYES AND FACE energetically to completely emulsify the product. Soak the cotton pads and cleanse eyes, face, neck and décolletage. Remove with a damp towel.
- 2 Spray ECC_REMOVER MIST in the form of a mist on face, neck and décolletage and perform a light tapping.

EXFOLIATING PHASE

- 3 Apply ECC_RENEWALL THREE-ACTION PEEL on the face, neck and décolletage and perform rubbing movements with your fingers. Leave on for 3 to 5 minutes. Moisten your fingers and work with them once more. Remove with a damp towel.
- 4 Spray ECC_REMOVER MIST in the form of a mist and perform a light tapping.
- 5 Apply ECC_REMOVER 3D-TEXTURE CLEANSER to the area with a brush, leave on for 1 minute and then massage the product until it turns into oil. Moisten your fingers and continue working until a very light lotion is obtained. Remove with a damp towel and dry.
- 6 Spray ECC_REMOVER MIST in the form of a mist and perform a light tapping.
- 7 Apply an occlusive layer of ECC_RENEWALL CRACK-KERATIN to the T-zone and leave on for 3 minutes. Then, work manually until a uniform emulsion is obtained. Remove with silicone spatula. Clean the remainder of the product with a damp towel and dry. If necessary, repeat this application a second time.
- 8 Sanitise the face with ECC_REMOVER GEL and remove with a damp towel.
- 9 If necessary, carry out comedone extraction.
- 10 Spray ECC_REMOVER MIST in the form of a mist and perform a light tapping.

★ **TIP 7:** For very thick or keratinized skin, before applying ECC_RENEWALL CRACK-KERATIN, carry out a mechanical peel with [DP] DERMAPEN with a nanoneedle head or a chemical peel with ECC_RENEWALL PEEL PADS.

TREATMENT

- 11 Apply 6 pumps of ECC_REPAIR PREBIOTIC COMFORT SERUM to the skin and work the product with [MS] MESOSAB system in blue phototherapy.

★ **TIP 11:** In the event of not having the [MS] MESOLAB system, apply the product with the *ESSENTIAL TECHNIQUE MASSAGE*.

PROTECTION AND OCCLUSION

- 12 Then apply the ECC_REPAIR PREBIOTIC FRESH MASK to the skin and leave on for 10 minutes. Perform *DETOX MASSAGE TECHNIQUE* on top of this. After this time, remove excess dry product.
- 13 Finish by applying a light layer of ECC_REPAIR SHIELD FINAL CREAM SPF20.

★ **TIP 13:** Apply *IN ONE'S POCKET KISS ME A LOT* on the lips to moisturise them.
