

My[B]CODE
PERSONALISED BODY
TREATMENT

A revolutionary concept, especially designed to prevent and combat the most common body problems (such as flaccidity, cellulite, excess volume, stretch marks and poor circulation,...) in a targeted manner. This personalised treatment uses a unique code that acts intensively according to the needs of the different parts of the body at any time.

Body concentrates formulated to create and customize the most suitable body treatment. Up to three different concentrates may be mixed together, designing the ideal combination to directly tackle the problem that needs treating.

“Reduced and controlled cellulite, with a smoother, more compact appearance.”

21 SCULPTING CODE
REDUCING CONCENTRATE

Ref: 10312

DESCRIPTION

Reducing body concentrate that burns accumulated fat and helps to decrease unwanted volume, reducing orange-peel skin. Ideal for people with soft cellulite.

ACTIONS

- Reduces volume.
- Burns fat.
- Drains.
- Firms.

ACTIVE INGREDIENTS

CARNITINE (*Carnitine*): An essential lipid metabolism cofactor. Commonly known as a “fat-devouring molecule”, because it intervenes in the transport of fat inside the cell to convert it into energy.

PROVSLIM™: Effective combination of two natural active ingredients (frambinone and fisetin), which act jointly on reducing fatty body tissue in any situation, including while resting, during exercise, and after eating, making it an active ingredient with an adaptive effect. Reduces cellulite, remodels the figure and improves skin elasticity, while reducing swelling and skin thickness.

CAFFEINE (*Caffeine*): Metabolic stimulant which enhances lipolytic activity and natural lipid conversion.

RUSCUS EXTRACT (*Ruscus Aculeatus Root Extract*): Its concentration of saponins, among other components with diuretic properties, make it an excellent venous vasoconstrictor that promotes an anti-oedematous action.

NATURAL CHILLI EXTRACT (*Capsicum Frutescens Fruit Extract*): Has a powerful hyperaemic and rubefacient effect on the skin. Unlike other substances with similar effects, it is not a cellular toxin; it acts by activating the metabolism, which subsequently causes increased blood flow.

ORGANIC SILICON (*Methylsilanol Mannuronate*): Optimises dermoepidermal cooperation, enhancing its regeneration, while normalising lipolytic activity.

COMPOSITION

AQUA, CARNITINE, PROPYLENE GLYCOL, ALCOHOL DENAT, SODIUM CHLORIDE, METHYLSILANOL MANNURONATE, CAPSICUM FRUTESCENS FRUIT EXTRACT, VITIS VINIFERA LEAF EXTRACT, RUSCUS ACULEATUS ROOT EXTRACT, CAFFEINE, FISETIN, RASPBERRY KETONE, HYDROXYETHYLCELLULOSE, EDTA, PHENOXYETHANOL, ETHYLHEXYLGLYCERIN, SODIUM BENZOATE.

DIRECTIONS FOR USE

Pour 1, 2 or 3 of the same or different My[B]CODE vials (10ml) into My[B]CODE SHOCK BODY SERUM to personalise the product. Shake the mixture vigorously to completely blend the vials with the base serum. Apply the product to the targeted area with circular and/or upward strokes, until it is completely absorbed.

“HOME CARE ROUTINE” FREQUENCY OF USE

Daily use, morning and/or night.

NOTE: Mixed with My[B]CODE SHOCK BODY SERUM.

9 u. x 10 ml / 9 u. x 0.34 fl.oz.
