**ECC_REPAIR PREBIOTIC FRESH MASK
STIMULATING FACE MASK - POST-EXTRACTION**

Ref: 10466

DESCRIPTION

Highly repairing and revitalising prebiotic rehydrating face mask. Restores the hydrolipid film and stabilises the skin's microbiological ecosystem, re-establishing its optimal protective shield function. Its incredibly cool texture provides a stimulating feeling of relief following the deep facial hygiene phase with extraction. Immediately soothes and decongests, minimising temporary visible redness. Enriched with plenty of moisturising active ingredients, it reduces tightness and restores elasticity and plumpness.

ACTIONS

- Calming
- Decongestant
- Repairing
- Prebiotic

ACTIVE INGREDIENTS

XYLITOL: Birch sugar extracted from its bark. Prebiotic botanic extract with moisturising, hydrating action and microbiological stabiliser. Softens rough skin in a way similar to glycerine. Helps retain skin moisture, conserving its hydration levels.

CURCULIGO ORCHIOIDES ROOT EXTRACT: One of the ten sacred flowers from India. Modulates the skin's internal mechanism of pH control, so the lipid enzyme processors work correctly and therefore maintains a strong and healthy skin barrier, avoiding irritation and sensitisation.

SOYA OIL (*Glycine Soya Oil*): Rich in proteins, minerals and vitamins. It has a powerful anti-oxidant action. Moistures, nourishes, protects, softens and provides elasticity.

OLIVE OIL (*Olea Europaea Fruit Oil*): Restores skin elasticity and moisture thanks to its moisturising, nutritive and regenerative properties. It has balsamic properties by means of the fatty acids it contains. It's an antioxidant, protecting against the adverse effects of free radicals and preventing the effects of ageing. Alleviates reddening and irritation.

PANTHENOL: Calming, decongestant and anti-inflammatory. Deeply moisturises the skin and has a great regeneration capacity due to stimulating self-healing processes.

ALOE VERA JUICE (*Aloe Barbadensis Leaf Juice*): Improves the skin's defensive system. Regenerative and high remoisturising power. Provides amino acids that are essential to cell functions and trace elements that improve skin structure and strengthen the tissues.
