

**ESSENTIAL CARE  
CONCEPT**  
DEEP FACIAL CLEANSING  
RANGE

Provides a professional expert response to the three essential steps of any salon protocol:

*REMOVER*: remove toxins attached to the skin surface.

*RENEWAL*: renew the stratum corneum, stimulating oxygenation and cell regeneration.

*REPAIR*: repair optimal conditions to rebalance the microbiota, reprogramming self-protection functions and reviving cell rejuvenation processes.

*“Final protection against the aggression of external pollutants.”*

200 ml / 6.76 fl.oz.

**ECC\_REPAIR SHIELD FINAL CREAM SPF20  
ANTI-POLLUTION PROTECTIVE FACE CREAM**

Ref: 10467

DESCRIPTION

Multi-protective face cream with an anti-pollution, antioxidant and destressing action. Wraps the skin in a delicate veil of protection to prevent invisible polluting microparticles from adhering and entering the skin, acting as an effective shield to neutralise free radicals and harmful external aggressors that damage skin cell membranes and cause oxidative stress. Ideal in professional protocols to provide intense hydration and leave a pleasant lasting feeling of wellbeing.

ACTIONS

- Photoprotective
- Antioxidant
- Moisturising
- Anti-pollution

ACTIVE INGREDIENTS

**SPIRULINA ALGA EXTRACT** (*Spirulina Maxima Extract*): Superfood. Rich in proteins, amino acids, vitamins and minerals. This is the alga with the highest chlorophyll concentration. It provides the skin with rejuvenating energy, increasing hydration levels. It has a powerful repairing action on DNA strands. Powerful antioxidant, detoxifying and antipollution action.

**BETA-GLUCAN**: Prebiotic which stimulates the proliferation of the skin's protective flora, strengthening the natural barrier which protects the skin from environmental stress and improves skin immunity.

**GLYCOGEN**: Source of cell energy, which normalises cellular functions, protects cell DNA, reduces reactive oxygen species (ROS) which affect the integrity and instability of the DNA, and prevents the release of LDH and ROS when cells are exposed to stress factors such as UV or EMR.

**HYALURONIC ACID**: Glycosaminoglycan obtained by fermenting plant substrates. It naturally structures the skin, which preserves elasticity and firmness. Its moisturising and water-retention capacity provides density, a filling effect and deep hydration, as well as preventing dehydration in the epidermis.

**PHOSPHOLIPIDS**: Obtained from soya through biotechnological processes. Strengthen the skin barrier. Also act as moisturising agents.

**L-CARNOSINA**: Combats the effects of sugar and glycation of the skin's cells, significantly slowing down the skin's ageing process. Soothes sensitive skin and strengthens its protective barrier. The skin is provided with an intense, long-lasting moisturisation.

COMPOSITION

AQUA, DIMETHICONE, PROPANEDIOL, DIISOPROPYL ADIPATE, LECITHIN, ACRYLIC ACID/ACRYLAMIDOMETHYL PROPANE SULFONIC ACID COPOLYMER, DIMETHYLMETHOXY CHROMANOL, GLYCERYL CAPRYLATE, XANTHAN GUM, ETHYLHEXYL METHOXYCINNAMATE, OCTOCRYLENE, BUTYL METHOXYDIBENZOYLMETHANE, PHOSPHOLIPIDS, BUTYLENE GLYCOL, PHENOXYETHANOL, HYALURONIC ACID, POLYACRYLAMIDE, C13-14 ISOPARAFFIN, LAURETH-7, GLYCERIN, SPIRULINA MAXIMA EXTRACT, GLYCOGEN, ACETYL TETRAPEPTIDE-22, PROPYLENE GLYCOL, BETA-GLUCAN, PHENOXYETHANOL, CALENDULA OFFICINALIS FLOWER OIL, TOCOPHERYL ACETATE, PARFUM, CAPRYLIC/CAPRIC TRIGLYCERIDE, PROPYL GALLATE, CITRIC ACID, TOCOPHEROL, L-CARNOSINE, DISODIUM EDTA, LACTIC ACID, ETHYLHEXYLGLYCERIN.

DIRECTIONS FOR USE

Apply the product to the palm of your hand and gently massage the face, neck and décolletage. Finish with some light alternative pressing on the whole area, to uniformly fix the protection.
