ACTIVE INGREDIENTS

VITAMIN A (RETINOL) (*Retinyl Palmitate*): It boosts cellular regeneration by promoting the shedding of the outermost cells, thereby giving an illuminating effect.

BELIDES™ (*Bellis Perennis Flower Extract*): Daisy extract with depigmenting action, which reduces melanin biosynthesis, interfering with tyrosinase enzyme activity.

HYDRO-NOURISHING COMPLEX (LINOLEIC ACID and HYALURONIC ACID) (*Linoleic Acid and Hyaluronic Acid*): Active ingredients which maintain the hydrolipidic film of the eye contour area after cleansing, preventing dryness and dehydration.
