**ECC_REMOVER GEL
FACIAL CLEANSING GEL**

Ref: 10452

DESCRIPTION

Highly detoxifying prebiotic facial cleansing gel. Deeply removes impurities and pollution particles that adhere to the skin every day, blocking pores and causing asphyxiation. Its pH-neutral formula keeps the skin microbiome intact, strengthening the immune barrier against environmental toxins. Leaves a comforting feeling of freshness. Gel that turns into a pleasant foam on contact with water.

ACTIONS

- Cleansing
- Detoxifying
- Sebum regulating

ACTIVE INGREDIENTS

BETA-GLUCAN: Prebiotic which stimulates the proliferation of the skin's protective flora, strengthening the natural barrier which protects the skin from environmental stress and improves skin immunity.

BETAINE: Just one molecule of Betaine can retain up to 10 molecules of water in the stratum corneum, so it maintains the skin hydration balance at high levels, reducing the feeling of skin irritation and dryness.

ALOE VERA JUICE (Aloe Barbadensis Leaf Juice): Removes accumulated dirt and oil from pores. Adds considerable renewing, moisturising and antioxidant power.

GLYCERINE: Plant origin. Penetrates the stratum corneum, where it captures and retains water molecules, preserving the skin's natural resources of hydration. It's a "hygroscopic" substance.
