DESCRIPTION

Eye contour emulsion-gel that globally prevents, treats and combats the signs of aging, fatigue dehydration and malnutrition in the periocular area. Effectively complements the action of Up and Down serum, by providing additional moisturisation and nutrition to the eye contour area.

ACTIONS

- Repairing
- Moisturising
- Redensifying

ACTIVE INGREDIENTS

**VITAMIN A (RETINOL) (Retinyl Palmitate):** It activates cellular regeneration by promoting the shedding of the outermost cells, thereby giving an illuminating effect.

**BIO-MARINE COLLAGEN 6®:** Marene-Based Soluble Collagen. A protein which provides the necessary amino acids to fibroblasts, which increase skin density, improving the micro-cutaneous relief.

**MATRIXYL 3000®:** A peptide complex which activates the skin's repair process by rejuvenating the extracellular matrix, restoring fibres damaged by UV radiation, increasing the production of new collagen.

**EYESERYL®:** A tetrapeptide with decongestive properties, which demonstrates proven efficacy by reducing the size of eye bags, with a draining effect.

**ALOE VERA (Aloe Barbadensis Leaf Juice):** Stimulates cellular regeneration, as well as the fibres responsible for the skin's elasticity, with a moisturising and softening action.
