

DERMACURE
EXPERT CELL RENEWALL
PROGRAM.
CHEMICAL PEELING

Is a comprehensive and advanced cosmetic chemical peeling system, exclusively for professional use, to accelerate cell renewal of the outermost skin layers, stimulating the rebirth of new skin free of imperfections, which regains all its splendour.

Immediate visible results. The skin is regenerated displaying a soft touch, a smooth texture, an even tone and a glowing appearance.

Combined formulas of chemical exfoliating agents, conceived to mitigate and accurately, safely, effectively correct specific skin alterations in a controlled manner.

*“A new skin.
The epidermal
and dermal
cell function is
re-established
and stimulated.”*

8 ml / 0.27 fl.oz.

DERMACURE
ADVANCED RECOVERY PROGRAM_STEP1 SERUM

Ref: 10424

DESCRIPTION

Facial serum highly concentrated in regenerative ingredients for a quick and spectacular recovery of the skin after peeling processes. It incorporates Epidermal Growth Factor (EGF) that stimulates and accelerates the new epithelization of damaged layers. It stimulates the formation of collagen, elastin and glycosaminoglycans (GAG's).

ACTIONS

- Regenerating
- Anti-aging
- Firming
- Soothing
- Moisturizing (in depth)
- Nutritious
- Clarifying

ACTIVE INGREDIENTS

LACTOKINE™: Incentivises the skin's protection system and helps it to recover. Reduces irritation and inflammation. Regenerates old and stressed cells. Increases cell vitality at an epidermal level.

PHYTOCELLTEC™ ARGAN: Revitalises and protects the stem cells of the dermis. Thickens and firms the skin. Rejuvenates the cells.

ARGILEROX®: A peptide which reduces expression lines and wrinkles, controlling and reducing the instinctive movements that often cause them. Boosts the anti-wrinkle action with long-lasting effect.

EPITENSIVE™ (PLANT-EGF): This is a growth factor from vegetable origin. It stimulates keratinocyte and fibroblast proliferation and migration, increases the synthesis of collagen, elastin and other proteins of the extracellular matrix, accelerating the process of epithelium replenishment and skin repair. It also reduces the melanin production.

COMPOSITION

AQUA, GLYCERIN, BETAINE, PROPYLENE GLYCOL, ACETYL HEXAPEPTIDE-8, PENTAPEPTIDE-18, ARGANIA SPINOSA SPROUT CELL EXTRACT, MILK PROTEIN, GLYCINE SOJA PROTEIN, OXIDO REDUCTASES, NICOTIANA BENTHAMIANA HEXAPEPTIDE-40SH-OLIGOPEPTIDE-1, ISOMALT, LECITHIN, PEG-40 HYDROGENATED CASTOR OIL, SODIUM CITRATE, XANTHAN GUM, HYDROXYETHYLCELLULOSE, TETRASODIUM GLUTAMATE DIACETATE, LACTIC ACID, PHENOXYETHANOL, ETHYLHEXYLGLYCERIN, SODIUM BENZOATE, PARFUM, BENZYL SALICYLATE, LINALOOL.

DIRECTIONS FOR USE

OPTION A (DURING A DERMACURE PROFESSIONAL TREATMENT):
Apply 1ml massaging gently until it is completely absorbed. Do not withdraw. Then apply DERMACURE POST-PEEL RESTORATIVE MASK.

OPTION B (AS A FOLLOW UP SERUM, AFTER THE DERMACURE PROFESSIONAL TREATMENT):
Apply 0.5ml in the morning, on clean and toned skin, massage until absorbed before the specific cream and / or sunscreen SUMMESUN SPF50+ SENSITIVE SKIN. Apply 0.5 ml at night, on clean and toned skin, massage until absorbed. Afterwards, apply DERMACURE ADVANCED RECOVERY PROGRAM_STEP2 MASK.

“HOME CARE ROUTINE” FREQUENCY OF USE

As a treatment serum, especially, after a DERMACURE professional treatment, apply morning and night, daily, for the next 7 days or until the end of the product.
