

**ESSENTIAL CARE
CONCEPT**
DEEP FACIAL CLEANSING
RANGE

Provides a professional expert response to the three essential steps of any salon protocol:

REMOVER: remove toxins attached to the skin surface.

RENEWAL: renew the stratum corneum, stimulating oxygenation and cell regeneration.

REPAIR: repair optimal conditions to rebalance the microbiota, reprogramming self-protection functions and reviving cell rejuvenation processes.

“The skin is renewed and oxygenated again.”

ECC_RENEWAL PEEL PADS
FACIAL EXFOLIATION COTTON PADS

Ref: 10460

DESCRIPTION

Cotton facial pads impregnated with a blend of mild exfoliating fruit acids. Continued application causes a gentle, gradual and tolerable microabrasion, while respecting the skin's hydrolipid film. They remove dead surface cells, improving texture, smoothing the relief, increasing permeability and stimulating cell oxygenation and regeneration. The skin is renewed and appears fine, smooth, even and radiant, the perfect base for your daily skincare routine.

ACTIONS

- Exfoliating
- Descaling
- Antikeratolytic

ACTIVE INGREDIENTS

GLUCOLACTONE: This is a latest-generation polyhydroxy acid (PHA) derived from glycolic acid. With a gentle exfoliating effect, its larger molecular size compared to other AHA's makes it perfect for applying on even the most sensitive skins. Thanks to its hydrating function it's able to attract water and create oxygen bridges, preventing loss of elasticity.

LACTIC ACID: Its larger molecular size prevents skin irritation. It preserves the natural hydration factors, favours a uniform tone and is ideal for reducing hyperpigmentation, respecting the hydrolipidic film.

CITRIC ACID: Improves pore size, removing accumulated dead cells which give this dilation effect. It also keeps the most superficial skin layers balanced. Illuminates and evens the complexion.

RESVERATROL: Stands out for its antioxidant action specifically aimed at preserving cell longevity.

PAPAYA EXTRACT (*Carica Papaya Fruit Extract*): Enzymatic exfoliant with the ability to divide unstructured proteins, breaking the union between dead cells.

LIQUORICE EXTRACT (*Glycyrrhiza Glabra Root Extract*): Due to its antioxidant action, it contributes to the pigmentation process, developing a uniform skin tone and preserving its natural protection.

COMPOSITION

AQUA, ALCOHOL DENAT, PROPYLENE GLYCOL, GLUCONOLACTONE, LACTIC ACID, POLYSORBATE 20, AMMONIUM HYDROXIDE, GLYCYRRHIZA GLABRA ROOT EXTRACT, CARICA PAPAYA FRUIT EXTRACT, CITRIC ACID, ACETONE, RESVERATROL, EDTA, PHENOXYETHANOL, ETHYLHEXYLGLYCERIN.

DIRECTIONS FOR USE

With perfectly clean and toned skin, rub a pad on its textured side with firm, constant, circular movements over the face, neck and décolletage. Allow it to absorb naturally; do not remove.
