Precious face cream H24 based on Aloe Vera and Collagen with incredible antioxidant and sebum regulating properties. Detoxifying, healing and antibacterial, this product helps to rebalance sebum secretion removing the annoying shiny appearance. It reduces the attack of bacteria, cause of annoying irritations and spots. The synergy between Collagen and the active ingredients of Aloe Vera stimulates the synthesis of new Collagen and Elastin giving tone and elasticity to dermis. Recommended for impure skins treatment.

ALOE VERA: Aloe Vera, particularly rich of vitamin A B C E, minerals and other substances essential for derma health, performs an important restoring, antioxidant, astringent, sebo-regulatory and immunostimulatory action. It hinders the oxidative stress, favoured by chemical, physical, biological, mental and nutritional factors, thus blocking the physiological process of skin cells aging. It disinfects and purifies the impure and acneic skin, controlling

the excessive production of sebum.

QUICKLIFT[®]: Natural sugar polymer with an instant and lasting skin tightening effect. Firms, smoothes the skin and provides an illuminating effect.

COLLAGEN: Essential molecule for the connective tissue health. It has an important moisturizing and supporting action on the skin, improving tone and elasticity and thus preventing the appearance of wrinkles.
