Precious face cream H24, restoring and anti-age, based on plant Stem Cells and Tocopherol. It stimulates fibroblasts and activates biochemical processes of skin self-regeneration. It extends the wrinkles of expression, hinders the atonicity of the tissues, it uplifts the face outline, helping in a short time to find a younger appearance. Recommended in the treatment of mature skin.

APPLE STEM CELLS: The Active Plant Stem Cells of the "Malus Domestica" Apple, have the amazing ability to integrate, through the process of cell differentiation, with the epidermic ones which they come into contact with, helping them to perform their important function. Penetrating into the dermis, stimulate the fibroblasts and activate the biochemical processes of skin self-regeneration. They stimulate the production of collagen and elastin, causing a real and important anti-wrinkle and skin rejuvenation action.

QUICKLIFT[®]: Natural sugar polymer with an

instant and lasting skin tightening effect. Firms, smoothes the skin and provides an illuminating effect.

VITAMIN E: The Tocopherol, important antioxidant, counteracts the harmful effect of free radicals. In this special formulation, it is easily conveyable in the tissues, thus quickly providing the supply of nutrients necessary to the protection of cell membranes fat, slowing down the physiological aging.

PHOSPHOLIPIDS: Bio-compatible active ingredients that protect the cell stimulating its correct functioning.

DIRECTIONS FOR USE:

Spread a small quantity of product on the face, neck and décolleté with a gentle massage until completely absorbed. Apply morning and evening.
