FILLER FACE MASK Hyaluronic Acid, Ozonized Jojoba Oil *All Skins*

Format 10 ml
Cod. 1030020047

Beauty mask made of pre-formed non-woven sheet based on pure hyaluronic acid at the highest possible concentration in aqueous solution. Stimulates cell renewal, the production of collagen and elastin. Strongly invigorating and detoxifying, it gives the skin brightness and turgidity, while protecting it from external aggressions. Excellent as a shock treatment for special evenings. Without rinsing. Suitable for all skin types.

HYALURONIC ACID: In this special formulation, the ozonated Hyaluronic Acid is easily absorbed by the connective tissue, helping the repairing and reconstructing process. Being arranged in the connective space of the amorphous matrix, in the form of reticulum aggregate, it takes a large number of water molecules, giving structure, firmness and elasticity to the dermis. The face skin will appear relaxed toned and smooth. Wrinkles will fade and the face outline reshaped.

OZONIZED JOJOBA OIL: Particularly similar to the composition of the skin, rich in vitamins, minerals, iodine, tocopherol and other natural antioxidant substances, it prevents dehydration, reducing the loss of water from the cells. It strengthens the hydrolipidic film, protects, revitalizes and elasticizes the skin, preventing its normal aging and giving it smoothness, tone and brightness. Particularly suitable in the case of dry, withered and senescent skin, it restores tone and elasticity to the tissues with visible results already from the first applications.

DIRECTIONS FOR USE: Apply the preformed mask on the face skin making it adhere well in all its parts, after having carried out a deep cleansing of the skin. Keep in place for 10/15 minutes and then remove it, by absorbing the product's active ingredients with a light massage. Do not rinse.
