PEEL-OFF BLACK MASK Detox Vegetable charcoal, Lemon *Pelli giovani/normali /impure*

Format 100 ml
Cod. 1030020113

Peel-off face mask, it cleanses, detoxifies and renews the skin. Formulated with detox active ingredients such as vegetable charcoal and lemon peel extract, it performs an important purifying, astringent and sebum-regulating action, uniformes the complexion and gives immediate freshness. The special texture acts like a film, capturing impurities, freeing the skin from smog, fine dust and smoke. Smooths and illuminates. Ideal for impure skin and / or affected by blackheads and pimples.

With Active
Charcoal

VEGETABLE CHARCOAL

Thanks to its absorbent, detoxifying and purifying properties, vegetable charcoal is an active ingredient particularly indicated in the treatment of oily and combination skin and in the presence of blackheads and pimples, since it regulates exuding sebum by absorbing impurities inside the pores. Depurates, purifies and exfoliates the skin, freeing it from smog, fine dust and smoke, restoring brightness and radiance.

LEMON

It performs an important sebum-regulating action, normalizing the activity of the sebaceous glands and reducing the production of fat, thus resulting an excellent toning and purifying of acneic skin. Thanks to its lightening property, it uniformes the complexion, softening the spots. Rich in Vit. C, among the most powerful antioxidants, it contributes to keep the skin young, counteracting the harmful activity of free radicals, making it suitable as an anti-aging.

DIRECTIONS FOR USE: Spread a thin and uniform layer of mask on cleansed and dry face, leaving out eyes, eyebrows, nostrils and lips. Leave to dry for 20-30 minutes and gently remove from the face like a film. Remove any residue with a sponge soaked in water. In cases of particularly impure skin, it is recommended to apply a damp cloth with warm water on the face to prepare the pores for treatment. Dry well before applying the product.
