BODY TREATMENTS

Professional cosmetics for body treatment with lipolytic, reducing, anti-cellulite, remodelling, firming and epidermal renewal properties. They recover the contour of the silhouette and restore firmness, elasticity and natural tone to the skin. The essential treatments to restore slenderness to the body.

“Totally renewed, soft and smooth skin.”

BODY PEELING WITH RHYOLITE

Ref: 20103

DESCRIPTION

Gel textured body exfoliant which promotes optimal skin renewal, respecting the hydrolipid layer. The abrasive particle, Perlite, boosts skin activation, stimulating and leaving it more receptive to other body treatments. Also suitable for preparing the skin before exposing it to the sun for the first time.

ACTIONS

- Exfoliates.
- Stimulates.

ACTIVE INGREDIENTS

PERLITE (*Perlite*): Mineral abrasive particle of volcanic origin. Its consistency removes dead cells accumulated on the stratum corneum, helping to stimulate the micro-circulation.

MICRONISED APRICOT KERNEL (*Prunus Armeniaca Seed Powder*): Abrasive particle which adds to the exfoliant effect of *Perlite*.

GLYCERINE (*Glycerin*): Of plant origin, it captures more water molecules, improving skin hydration.

COMPOSITION

AQUA, GLYCERIN, PERLITE, POLYSORBATE 20, TRIETHANOLAMINE, PRUNUS ARMENIACA SEED POWDER, TETRASODIUM GLUTAMATE DIACETATE, MICA, IRON OXIDE, TITANIUM DIOXIDE, CI 19140, PHENOXYETHANOL, ETHYLHEXYLGLYCERIN, PARFUM, BENZYL SALICYLATE, TETRAMETHYL ACETYLOCTAHYDRONAPHTHALENES, LINALOOL, ETHYLENE BRASSYLATE, CIS-3-HEXENYL SALICYLATE, TETRAHYDRO-METHYL-METHYLPROPYL-PYRAN-4-OL, VANILLIN, PHENYLETHYL ALCOHOL, ETHYL TRIMETHYLCYCLOPENTENE BUTENOL, LINALYL ACETATE, 2-T-BUTYLCYCLOHEXYL ACETATE, BETA-IONONE, METHYLENEDIOXYPHENYL METHYLPROPANAL, DIMETHYLBENZYL CARBINYL ACETATE.

DIRECTIONS FOR USE

Apply 15ml of product (walnut-sized), spread over the localised area to be treated. Massage using active upward circular movements until the gel is absorbed and the abrasive particles come away from the skin. Continue with the body treatment, without removing the product.

TIP: Remove excess exfoliating particles to prevent them from sticking to the body during the massage.

450 ml / 15.2 fl.oz.
