95 HYDRONUTRITION CREAM MASK
HYDRO-NOURISHING CREAM FACE MASK

Ref: 10695

DESCRIPTION

Hydro-nourishing face mask with a creamy texture, perfect for massage. Rich in moisturising and nourishing oils that repair and restructure the skin, boosting the hydrolipidic film and its protective barrier function. Ideal for alipic, dehydrated, malnourished skin with an obvious sensitivity imbalance.

ACTIONS

- Moisturising.
- Nourishing.
- Regenerating.
- Decongestive.

ACTIVE INGREDIENTS

RADICARE® GOLD: Anti-free radical and anti-ageing active ingredient that protects the skin against radiation. Strengthens the skin barrier and increases skin elasticity.

NOURISHING COCKTAIL: Its concentration of Olive, Sunflower, Avocado, Abyssinian Seed, Mimosa and Jojoba oils and waxes make it highly nourishing and protective. Balances the hydrolipid film, preserving and increasing natural resources, enhancing optimal skin functions.

PUMPKIN SEED EXTRACT (Cucurbita Pepo Seed Extract): Pumpkin Seed Extract is rich in enzymes that stimulate the regeneration of the most superficial skin layers.

SEAWATER (Maris Aqua): Its high concentration of mineral salts and trace elements provide resilience to the most damaged tissues.

ALLANTOIN: Moisturising substance that increases hydration of the superficial skin layers, thus repairing the barrier function. Promotes cell regeneration and has soothing and decongestive properties.

PANTHENOL: Soothing and decongestive. Deeply moisturises the skin and has a powerful regenerating property, stimulating self-healing processes.

CHAMOMILE EXTRACT (Chamomilla Recutita Extract): Due to its Bisabolol content, it provides a decongestive and soothing effect on the skin, as well as reducing the appearance of superficial redness.
