**053 PLUMPING - ULTRA RICH
REDENSIFYING FACE CREAM**

Ref: 10653

DESCRIPTION

Redensifying facial rejuvenating cream with an intense wrinkle and expression line filling action. Suitable for dry and very dry mature skin.

ACTIONS

- Plumping.
- Firming.
- Regenerating.
- Moisturising.
- Nourishing.

ACTIVE INGREDIENT

LOW AND MEDIUM MOLECULAR WEIGHT HYALURONIC ACID (Sodium Hyaluronate): This combination provides both intense hydration to the deepest skin layers and restores optimal hydration levels, preventing superficial water loss. Helps diminish the visible signs of ageing resulting from dehydration.

ACETYL HEXAPEPTIDE-51 AMIDE: Peptide complex that increases skin longevity and prevents damage associated with the exposome.

HYDROLYSED COLLAGEN (Soluble Collagen): Bio-Marine Collagen 6 is a high-purity soluble collagen of marine origin. Increases the formation of fibrous proteins, providing resilience and suppleness.

HYDROLYSED ELASTIN: Improves the skin's biodynamic properties, enhancing its elasticity and delivering the necessary amino acids and peptides to increase elastin synthesis, thus reducing premature skin ageing.

ORGANIC SILICON (Methylsilanol Mannuronate): Stabilises and maintains the architecture of skin tissues, stimulating fibroblasts and promoting collagen, elastin and proteoglycan biosynthesis. Improves skin elasticity and firmness, thus reducing fine lines.

RADICARE® GOLD: Anti-free radical and anti-ageing active ingredient that protects the skin against radiation. Strengthens the skin barrier and increases skin elasticity.

NOURISHING COCKTAIL: Its combination of Rosehip, Jojoba, Abyssinian Seed, Sunflower and Sweet Almond oils make it a highly nourishing and repairing product that helps to deeply moisturise, soothe and regenerate the skin.
