● ACTIONS

- Firming.
- Tightening.
- Stimulating.
- Regenerating.

● ACTIVE INGREDIENTS

HYDROLYSED COLLAGEN (Soluble Collagen): Bio-Marine Collagen 6 is a high-purity soluble collagen of marine origin. Increases the formation of fibrous proteins that will form the support fibres of the outermost skin layers, providing resilience and suppleness.

TENS'UP™: Cosmetic active ingredient combining structure and technology, forming a three-dimensional matrix of galactomannans and trace elements, which act on the skin's surface, forming a film with a tightening effect.

ORGANIC SILICON (Methylsilanol Mannuronate): Forms part of the skin's natural connective tissue structure. Stabilises and maintains the architecture of skin tissues, stimulating fibroblasts and promoting collagen, elastin and proteoglycan biosynthesis. Improves skin elasticity and firmness, thus reducing fine lines and enhancing skin radiance.

JUJUBE SEED EXTRACT (Ziziphus Jujuba Seed Extract): Rich in flavonoids. A powerful firming and revitalising active ingredient that increases collagen and elastin production, providing a strong support structure that prevents the appearance of wrinkles.
