

**SUMMESUN
INTELLIGENT
PHOTOPROTECTION
SYSTEM**

Sun exposure is responsible for 80% of the signs of skin aging.

A complete range of sunscreens, essential for protecting the skin from damage caused by UVA/UVB rays. Combined with powerful anti-ageing active ingredients (DNA Protection) and substances which strengthen the skin's repair mechanisms.

face and body

“A skin with a pleasant comfortable feeling .”

200ml / 6.8 fl.oz.

**SUMMESUN AFTER SUN
INTENSIVE MOISTURISING AND REPAIR EMULSION.
INSTANT SOOTHING AND COOLING.
PREVENTS PREMATURE PHOTOAGEING.
FAST ABSORPTION. INSTANT RELIEF EMULSION.**

Ref: 25007

DESCRIPTION

Moisturising, repairing emulsion to use after a long sun exposure. It restores the skin's natural hydration balance. Soothes, providing an instant cooling, comforting sensation. Its Vitamin E content helps reduce damage from free radicals, preventing premature photoageing. Additionally, it prevents skin from peeling, which helps maintain a longer lasting suntan.

ACTIONS

- Moisturising
- Decongestive
- Regenerating

ACTIVE INGREDIENTS

VITAMIN E (Tocopheryl Acetate): Vitamin with a strong anti-free radical action, capable of preventing and improving skin photoageing caused by cellular oxidation.

ALOE VERA (Aloe Barbadensis Leaf Juice): Its refreshing action reduces excess surface temperatures, moisturising, softening and protecting the skin from dehydration after sun exposure.

ORGANIC SILICON (Methylsilanol Mannuronate): It stimulates cellular function, boosting regeneration of the skin layers which are most affected by prolonged sun exposure.

BISABOLOL (Bisabolol): A plant-derived active ingredient extracted from Camomile, its soothing and decongestive properties help to speed up the decongestion process of the skin. Furthermore, it is rich in antioxidants, which fight against photoageing of the skin.

ALLANTOIN (Allantoin): A molecule which encourages skin regeneration, boosting and accelerating the skin's natural renewal process.

COMPOSITION

AQUA, ALCOHOL DENAT, GLYCERIN, CAPRYLIC/CAPRIC TRIGLYCERIDE, DIMETHICONE, CETYL STEARYL ALCOHOL, ALOE BARBADENSIS LEAF JUICE, METHYL LACTATE, GLYCERYL STEARATE, METHYLSILANOL MANNURONATE, ALLANTOIN, BISABOLOL, PROPYL GALLATE, CITRIC ACID, TOCOPHEROL, TOCOPHERYL ACETATE, CARBOMER, XANTHAN GUM, EDTA, SODIUM HYDROXIDE, PHENOXYETHANOL, ETHYLHEXYLGLYCERIN, PARFUM, BENZYL SALICYLATE, LINALOOL.

DIRECTIONS FOR USE

Apply evenly and liberally to clean and dry skin after sun exposure. Reapply after a while if the tight feeling and/or redness does not disappear.

“HOME CARE ROUTINE” FREQUENCY OF USE

Daily use during periods of sun exposure. to compensate for its adverse effects.
